

Stain Systems and Colourants

Stain System	Base Code	Max Tint Load (% by wt.)	Max Dye Load (% by wt.)
Spray Stain	EL SSB 100 ¹	10	5*
Wipe Stain	EL SWB 104	20	10*
Dip Stain	EL DSB 100	Black/White if needed	10
Shader	EL SSB 100 or EL SWB 104 ²	10	5
Dry Glaze	EL DGB 100	5	Do Not Use

*please note when using pigments and dyes together in the same colour the stability of the colour will be reduced depending on the concentration of dye and colours used.

1 – ELSSB100 can be made as a 9:1 blend of ELSWB104 and water

2 – Shaders can be made to suit by blending stain with water and topcoat in ratios ~10-20% as required.

Tinters:

Name	Colour
NX 896-0001 ATW	Titanium White
