Technical Data Sheet  
ELT9000BT  
Revision Date: 6/6/25

**PRODUCT CODES:** ELT9000BT

**NAME:** PRT9000 Black Tinter

**DESCRIPTION:** This black tint is specially designed to be compatible with our PRT9000 White Primer. DO NOT use conventional acrylic/WB tints in PRT9000, it may result in gelling of the paint.

**USES:** Add up to 5% by weight to PRT9000 White Primer to darken the primer when topcoating with dark colours tinted in ELAN510XX series tint base. This tinter is only for the T9000 primer.

**PRODUCT PREPARATION:** This product is ready to be used after shaking/stirring. It can be easily incorporated into ELPRT9000 by hand-stirring, shaking or mechanical mixing.

<b>PHYSICAL PROPERTIES:</b>	Density	1.13 g/mL
	Solids (wt.%)	~28%
	VOC's	0 g/L

Disclaimer: Every reasonable precaution is taken by the manufacturer in the manufacture of our products to ensure that they comply with our standards. The information given herein is correct to the best of our knowledge. Any suggestions made by us covering the use of our products are based on experience and/or tests believed to be reliable. However, because the use of any product of our manufacture is completely beyond our control, including for example, the method and conditions of application, no guarantee or warranty, expressed or implied, is made. Manufacturer's maximum liability shall be to replace such quantity of product determined by our laboratory to be defective. User shall determine the suitability of the product for his intended use and assumes all risk and liability in connection therewith.
